

# My body is like an engine!

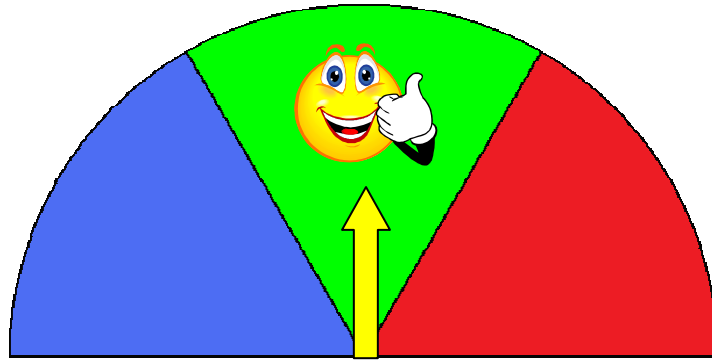

# My body

is like an engine...

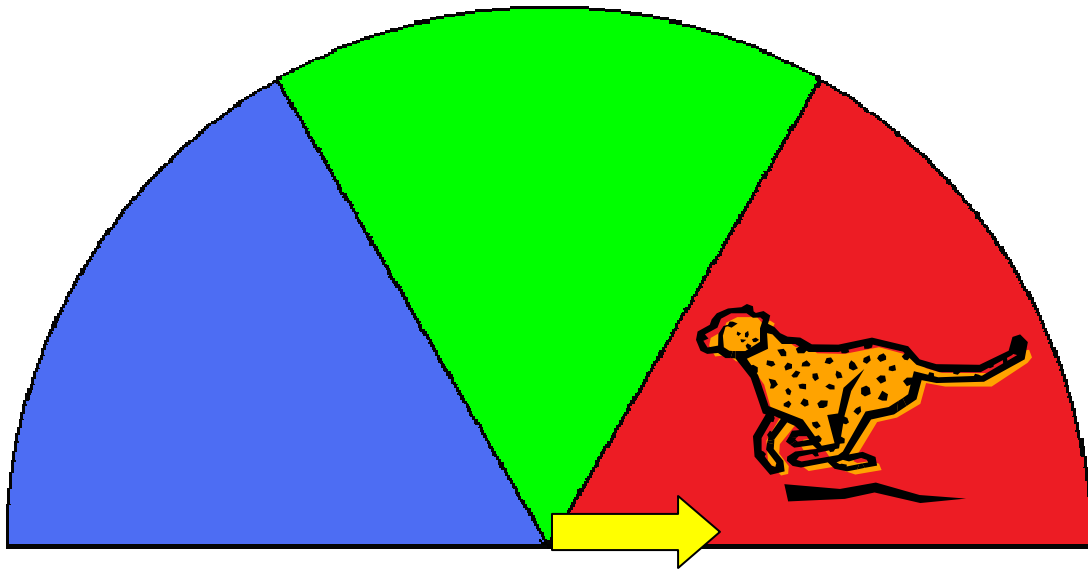

# My engine can run Just Right

I can have fun, play with my friends, and lots of other things!

My engine can run Fast

I might get:

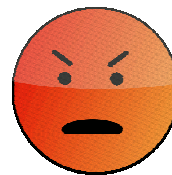

excited

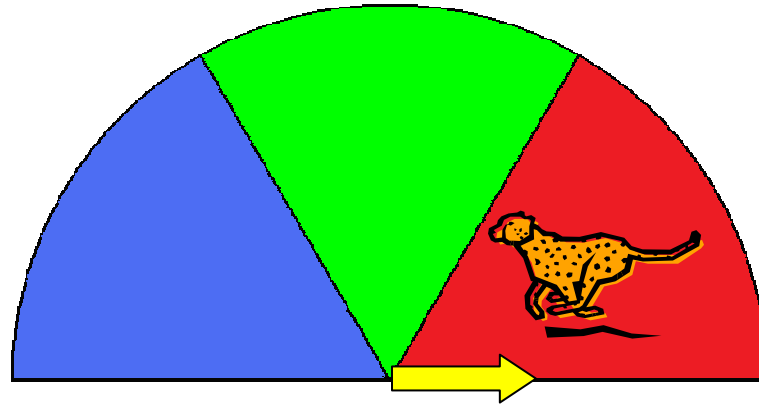

happy

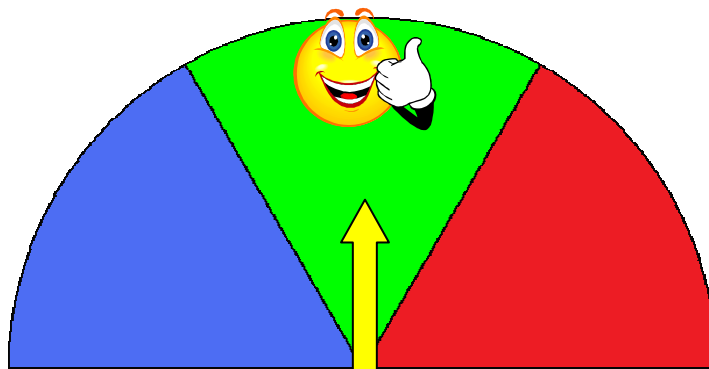

angry

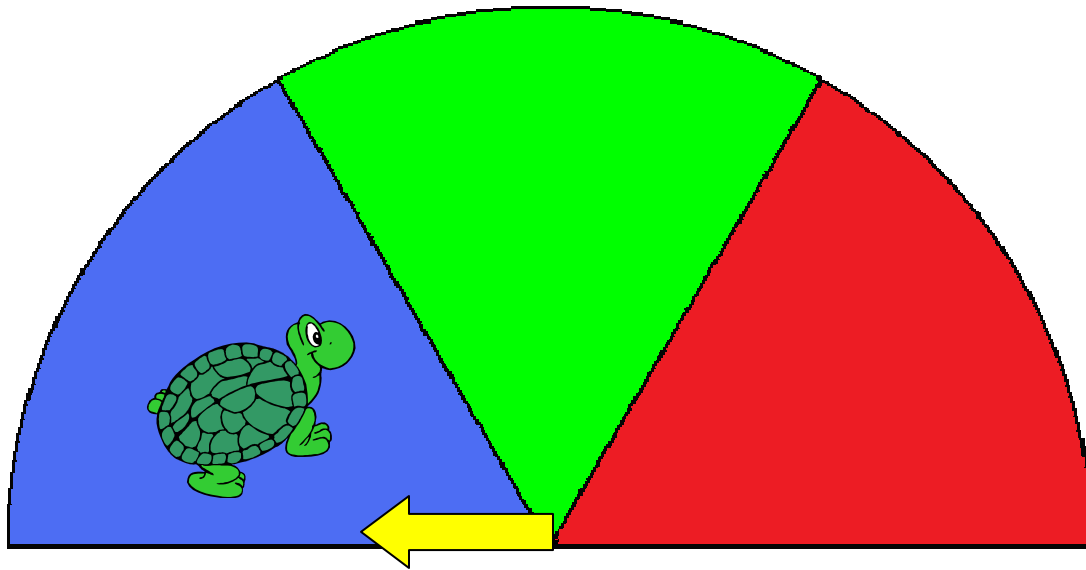

When my engine is Fast

I need to try to get my engine  
back to Just Right.

My engine can run Slow

I might feel:  
tired

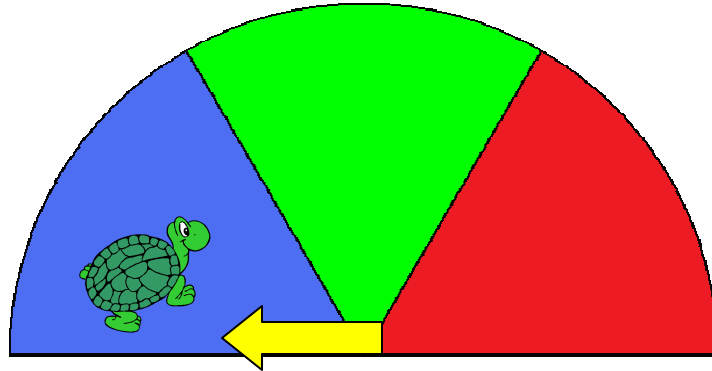

sad

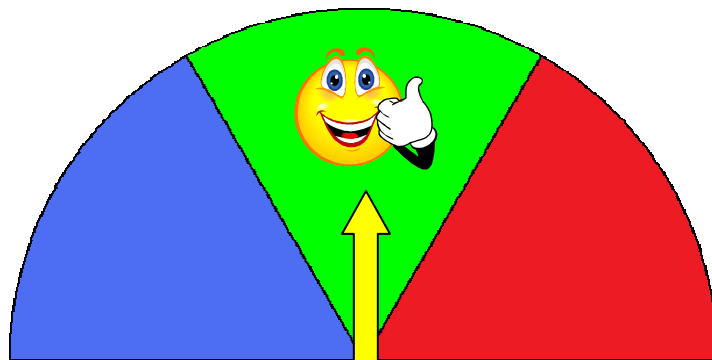

sick

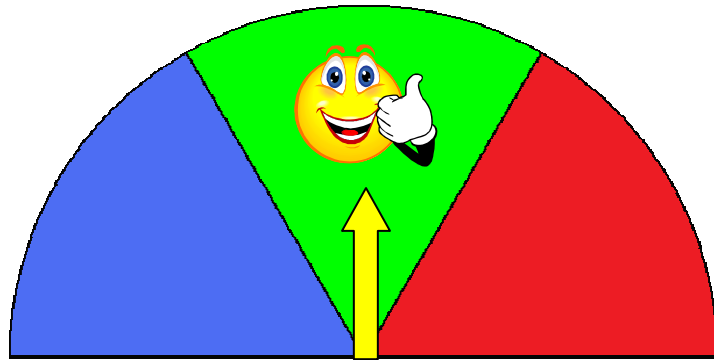

When my engine is Slow

I need to try to get my engine  
back to Just Right.

I like when my engine runs  
Just Right

It might take time to know  
what makes my engine run  
Just Right.

I need to play and find out!
