

5 Reminders for Proper Letter Formation

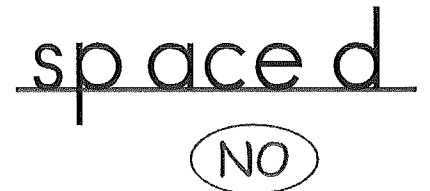

1. Always start to write each letter at the top.

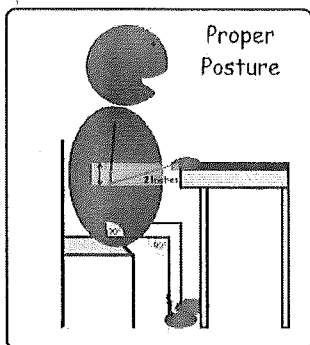

2. Letters should be written on the line.

3. Letters and words should be spaced properly apart.

4. The size of the letters should be the correct height and width.

5. Make sure you are seated properly with your hips and knees at 90 degrees and your feet on the floor. The desk should be 1-2 inches higher than the bent elbow.
